A REWARDING CAREER

A career of helping people improve their dental health will be rewarding and enormously satisfying for you. No two days will ever be the same and your job will continuously renew itself. This is a career that will always be in demand by the dental profession and in need of well-trained and caring dental assistants.

JOB OPPORTUNITIES

The job opportunities for trained dental assistants are excellent in today's marketplace. In most areas, there is an acute shortage of dental assistants. Dental assisting is a career that allows you the freedom to work anywhere throughout the world. No matter where you move, there will always be a job opportunity for you.

Our school offers FREE placement services to our students and to dentists seeking dental assistants.

ABOUT AUBURN DENTAL ASSISTING PROGRAM

Originally founded in Atlanta in 1987, Auburn Dental Assisting Program is the premiere dental assisting program in the East Alabama/West Georgia region. Courses are taught, not in a classroom, but at Auburn's most progressive dental practice, Auburn Dental Spa. You will receive instruction from dental professionals who teach and utilize the most current methods.

Although there are a few other programs to choose from in the surrounding areas, why would you want to pay \$10,000 or more for a 6-9 month program where you will sit in the classroom for the first 4 months? Our course puts you in the clinic the very first day, working with dental instruments and equipment. Auburn Dental Assisting Program, established by Dr. Brad Litkenhous, utilizes an unparalleled method of teaching dental assisting in a rapid, but

organized manner which is easy to master. Our training methods have been tested and proven over a 20 year period.

Our course is unique because we are the only one taught in a dental spa. You will learn state-of-the-art methods in assisting, Dental Radiology and customer service skills. You will also be exposed to the other services our dental spa has to offer.

We are licensed by the State of Alabama's Department of Postsecondary Education.

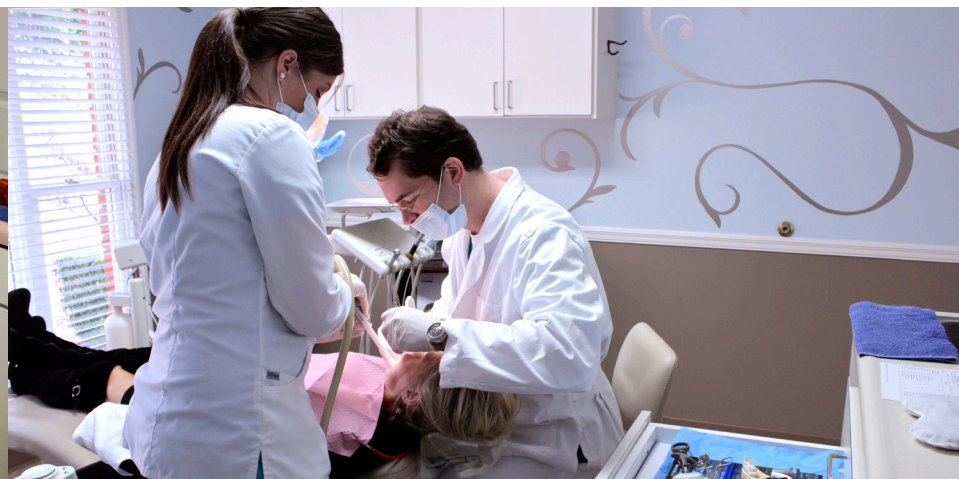

Please feel free to contact us with any questions. Our facility is handicap accessible. If you would like to schedule a tour of our facility or enroll in the next class, please call or email us today! We look forward to helping you succeed.

For more information visit: www.auburdentalassisting.com

Tuition Includes the Following

- Textbook: "Modern Dental Assisting," Torres & Ehrlich, 9th Edition (Bird)
- Illustrated Syllabus: "Concepts in Dental Assisting," Richard Erickson, DDS, 3rd Edition (DCI Publishing)
- All training and teaching aids, materials and dental supplies used in the clinical training
- Use of all equipment, instrumentation, specialized dental and laboratory materials
- Job Referral and placement assistance in addition to job interview training
- Customer service training
- A Certificate in Dental Assisting, Dental Assistant Pin, and a Letter of Recommendation outlining your training and experience will be awarded to all students who have attained a 70% or above grade average
- X-ray training which complies with all state regulation in dental radiology
- Real clinical experience through our unique, hands-on training program. You will be trained in all phases of general dentistry, as well as specialties
- All training is done by dental professionals in a practicing dental office, not a classroom.
- One set of scrubs
